### *Admission Form for Council Schools.*

Name of School..... In..... Co.....

I desire to introduce the P.N.E.U. Method into my School and to be entered on the P.U.S. Registers, in order that I may receive the proper Programmes and Examination Papers term by term.

My School consists of .....Boys .....Girls.

These are divided into:

|   | BOYS. | NUMBER. | GIRLS. |
|---|-------|---------|--------|
| Standards I. & II. = Form I. (A & B) P.U.S. | ..... |         | .....  |
| " III. & IV. = " II. (A & B)                | ..... |         | .....  |
| " V. & VI. = " III.                         | ..... |         | .....  |
| " VII & VIII. = " IV.                       | ..... |         | .....  |
| Total                                       | ..... |         | .....  |

I shall send the required test papers (and only those) to Ambleside after the Easter and Christmas examinations unless prevented by some serious difficulty.

(Signed) .....

Teachers are earnestly advised not to try this method with old specimen programmes. By doing so, they would work behind the rest of the P.U.S., and would not be able to follow the current programmes nor take the examinations which are an essential part of the method.

No cost whatever attends the use of the current programmes, and it is disastrous for any school to pick a few books from old programmes and attempt to work with them. The attempt would fail, because simple as the Regulations of the P.U.S. are each of them is *essential*, and a school in which the examinations are not taken is practically wasting time on the books and would do better work on whatever scheme it is at present following. (*On this head see the letter, Form E.*)

#### CONTINUATION SCHOOLS.

When scholars from Elementary Schools pass on to Continuation Schools they should usually continue in Form IV. until they are 16. After that, from 16—18, they should pass on to Form V. and later to Form VI. The P.U.S. forms are graded according to the intelligence proper at a given age.
